Acts of Kindness

Throughout the month of August our staff expressed acts of kindness as part of our Making Jesus Real.

This initiative is not a program but a way of life at St Patrick’s Primary School. The simple message is that it is part of our everyday lives and expressed in the way we live and work at St Patrick’s. Throughout any given day, God moments occur in our school. Making Jesus Real is aimed at the staff and children recognising that we are all in charge of our attitude to life and people we socialise with.

At St Patrick’s we believe the simple message which is to love God and your neighbour. – Mr A-J
