Hokey Pokey in Kindergarten!

What a great way to start Week Three—with a dance called Hokey Pokey! The Kindergarten formed four circles and moved to the lyric structure of Hokey Pokey! The song dates back to 1940 during the bombing of London. Later a British Band Leader wrote the words as a party song which resulted in the Hokey Pokey. It was great to see our students linking actions to the verse and then keeping in time with the other students. I am looking forward to seeing our Kindergarten parents join in the song before the end of the week. Now that is the spirit of fun!
