Oh what a week! This week the students received awards at assembly, Year Three Ms Watkins and Ms O’Connor investigating a well liked book entitled The Floods, personally one of my favourite stories, parents assisting teachers and students in the classrooms, students gathered together to celebrate Mission Day at school by wearing usual socks to school, school captains enjoyed a milo with the Principal and Ms Hutcheon, students playing table tennis at lunch times, year one students making various constructions from paddle pop sticks, year four students working hard, and a new school bag for the staff.
That is the spirit of week four!
