It is all systems go! Students exploring hundreds tens and ones, New school house flags in the school grounds, Students visiting the Principal being proud of their achievements, Year Six students facing off in Double Trivia, Mrs Campbell using the new state of the art interactive television screen with the Man from Snowy River, Fr Rafter visiting the students in classrooms and hanging out with the Social Justice Leaders, new relief staff assisting our students, Mrs Gill caring for our students, Students playing Chess in the school grounds and Kindergarten students sharing their new found friendships. Now that is the spirit of learning!
